2023 GO Wald

The short-term exchange project '2023 GO Wald' continued the long-standing tradition of connecting German, Scottish and Irish students across borders and helping them face local challenges as global citizens. After a week of interdisciplinary lectures in Mainz, which dealt with forests and their role in tackling the climate crisis, the Scottish, Irish and German students were well prepared for their project work in the Pfälzerwald (Palatinate Forest).

Tuesday, 11th July 2023

6.00 – 7.30 pm (German time) on MS Teams
