

Project:

“2026 GO Heimat”

Sunday, 14 June 2026 - Sunday, 28 June 2026
in Germany

Why “Heimat”?

Home is more than a place – it’s where we belong. But climate change, migration, and social shifts are changing what “Heimat” means for communities around the world.

In “2026 GO Heimat,” you’ll explore how these changes affect people’s sense of home and belonging. Through workshops, expert talks, and team projects, you’ll reflect on your own connections to home, learn how communities adapt to climate challenges, and develop creative ideas to foster resilience and solidarity.

- ✓ Two weeks in Rheinland-Pfalz, Germany to work on projects related to climate change
- ✓ Listen to experts and understand how “Heimat” (home) and climate change interact
- ✓ A virtual exchange before the project
- ✓ Excursions to various places in Rheinland-Pfalz
- ✓ Application period: 19 January - 16 February 2026

And a chance to learn German: You can also attend an optional two-week German language course in Mainz before the start of the project.

If this opportunity sparks your interest, simply scan the QR code and share your email to stay connected.
